## 02 BUSINESS

BUSINESS GOAL

BUSINESS FIELD

BUSINESS ITEMS

BUSINESS PROCESS

## 2.1 BUSINESS GOAL

### Build up Systemic Quality Control

By acquiring the qualified global standard certifications(LRQA), forcing on supplying the better quality products optimized to Customers needs through the systemic quality controls

### Find a New Growth Business

Not only industrial casting business filed but also the aligned business, concentrating on finding a new growth items for getting the sustainable business growth engines.

### Expand a sourcing network

Through developing a new valued potential suppliers not only domestic but also abroad, obtaining the capability of more competitive sourcing roots, moreover securing stronger coping capability on our customer service.

## 2.2 BUSINESS FIELD

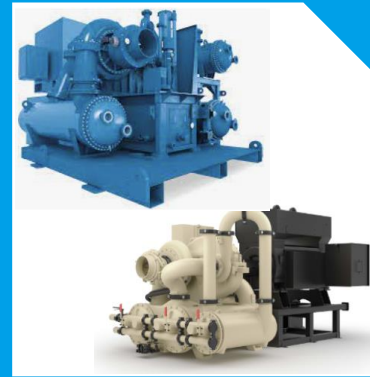

### MACHINE TOOLS

*Supplying various Machine tools components*

• Based on years of casting business knowhow and sales network in global market, we've been supplying various not only machined casting components but also key fabrication units for machine tools from a small CNC to large Plano Miller of valued global machine tools brands as follows.

Main Customers

- Pama S.P.A in Italy
- Rottler MFG in U.S.
- Tornos in Switzerland.
- Etc..

**PAMA****ROTTLER****TORNOS****Mazak**  
MACHINE TOOLS

### PRESSURE VESSEL

*Specialized in supplying the pressure vessel parts*

• Based on years of pressure casting business knowhow and sales network in global market, we're supplying a various pressure casting units to various global customers after verifying a safety through the specific inspection process.

Main customers

Ingersoll Rand

FS-Elliott in U.S.

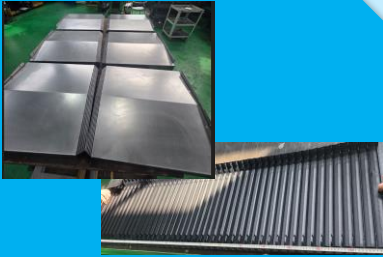

Atlas Copco in U.S.

Precise Mechanical(Pump)

Etc...

 **Ingersoll Rand.** **ELLIOTT** **Atlas Copco** **NASH****PRECISE MECHANICAL**

## 2.3 BUSINESS ITEMS

### A VARIOUS COMPONENTS FOR MACHINE TOOLS

- Supplying a various components for machine tools.
- Having a full capability for engineering the optimized machine tools components
- From a various fabrication units to a small bearing component, possible to supply them.

### IRON CASTINGS FOR MACHINE TOOLS

- Supplying all kinds of the completed casting units for machine tools.
- Applying a full machining and the specific top coating process.
- Design Consultant Service on a new development items.

### A VARIOUS PRESSURE UNITS FOR A PRESSURE VESSEL EQUIP.

- Supplying various pressure vessel units using for Compression and Pump.
- Implement the specified pressure test with the systemic process.
- Applying NDT process on them according to Customer requirement.

## 2.4 BUSINESS PROCESS

# 03 BUSINESS ASSESSMENT & PLAN

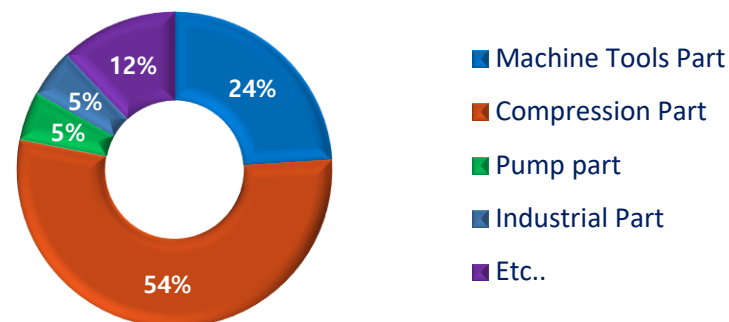

BUSINESS PERFORMANCE & ASSESSMENT

FUTURE BUSINESS PLAN & PROSPECT

# 3.1 BUSINESS PERFORMANCE

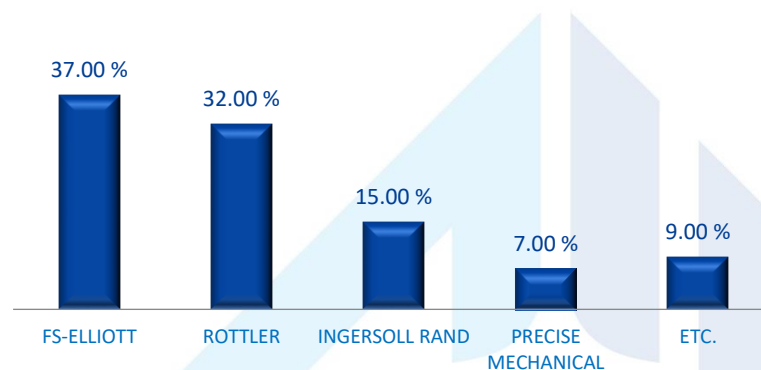

## Sales Composition / Main Item

|                    |         |
|--------------------|---------|
| Machine Tools Part | 24.00 % |
| Compression Part   | 54.00 % |
| Pump part          | 5.00 %  |
| Industrial Part    | 5.00 %  |
| Etc..              | 12.00 % |

## Sales Share Rate of Major Customers

|                      |         |
|----------------------|---------|
| FS-ELLIOTT CO., LLC. | 37.00 % |
| ROTTLER MFG          | 32.00 % |
| INGERSOLL RAND       | 15.00 % |
| PRECISE MECHANICAL.  | 6.00 %  |
| ETC.                 | 9.00 %  |

## Sales Volume Record / USD

|      |               |
|------|---------------|
| 2021 | US\$932,305   |
| 2022 | US\$3,261,149 |
| 2023 | US\$3,700,000 |

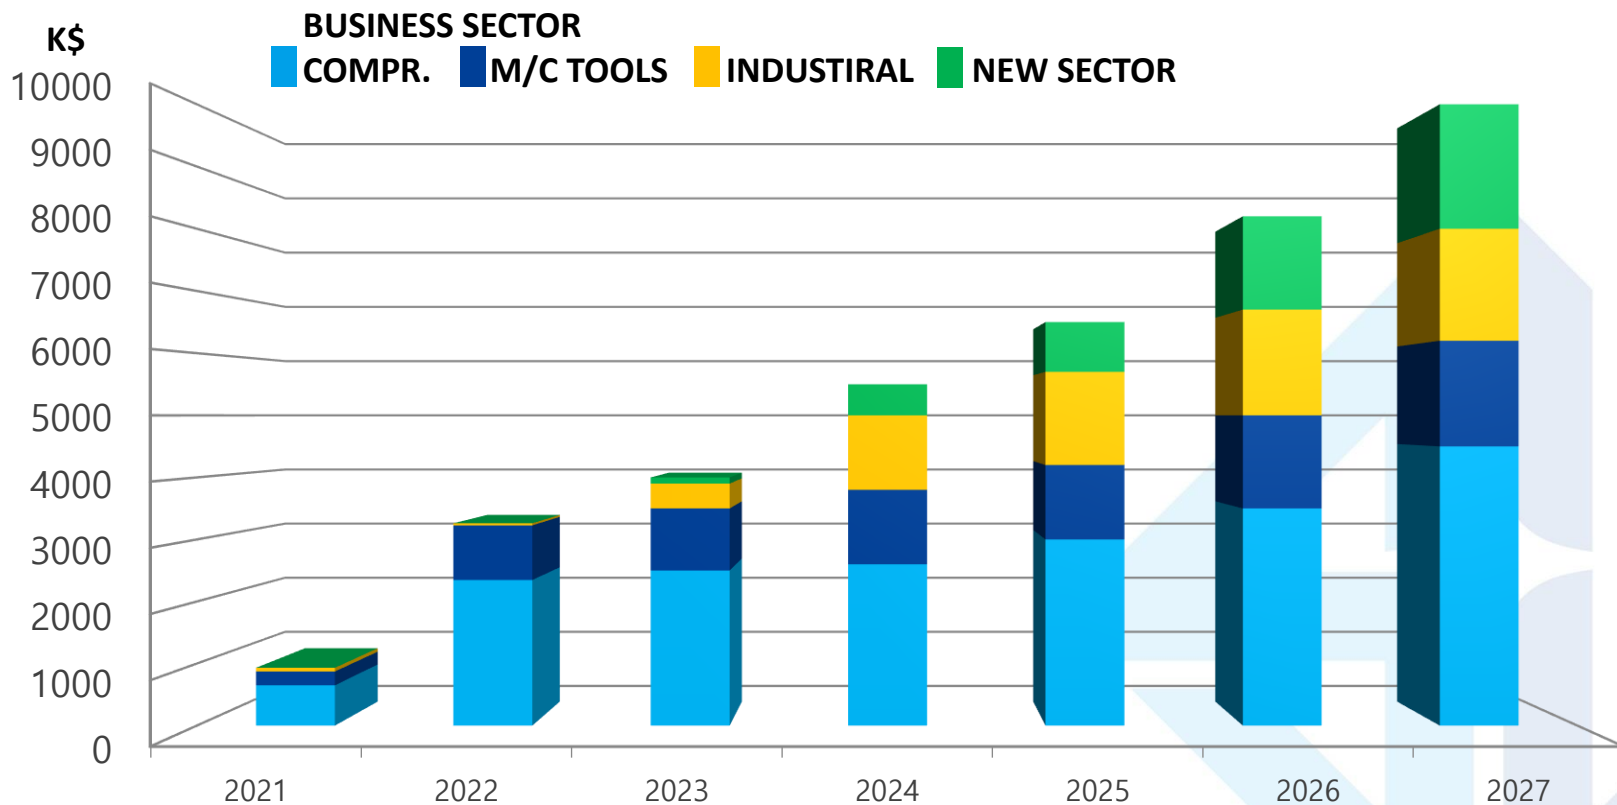

## 3.2 FUTURE BUSINESS PLAN

### Accomplish 10M\$ sales goal through a diversification

Adding two of new business sectors related on a current business within 5 years

Expanding a diversity of casting business : finding a new sector such like semiconductor equipment and mining equipment.
